Organization Description:

Electronic Merchant Systems' mission is to be the industry leader in merchant services by providing an innovative suite of business solutions, a high level of quality service, and having professional, dedicated employees that increase the financial well-being of our clients. Our employees and clients receive the same concern, respect and caring attitude.

Since 1987, Electronic Merchant Systems has grown to become a leading provider of merchant processing services and electronic transactions. The company operates in over 100 U.S. cities with the corporate headquarters located in Cleveland, Ohio.

The company was founded by providing high quality payment processing services and support to traditional retail merchants. EMS has expanded its focus to offer a variety of eCommerce payment solutions so that merchants can benefit from online commerce. Additionally, EMS has developed a gift and loyalty card program that will assist the small to mid-sized merchant in growing the value of their customer base.

EMS continues to drive the payment processing industry through a vast array of customized services and innovative products. We process and safeguard many types of electronic payment transactions including all major credit cards, debit cards, EBT, stored-value, and electronic check services
